COMMUNITY SERVICE

We learned many things during the war. Not all of those lessons taught in our bitter experience, however, can be made as useful a force in this reconstruction period as can Community Service, born of the benefits derived from the War Camp Community Service and armed with advantage to all into these piping times of peace.

At first breath mention of this term—Community Service—brings to mind a coterie of well meaning sociologists of the kind who tried hard in the first days of the war to "do something" without really knowing what they wanted to do or how to do it, with the result that their well-intentioned, but rather haphazard methods generally resulted in more harm than good. Community Service however, like much of our war work, has been made a practical application of sound methods.

No fanciful theory this, that our country should be made "a good place for us all to live in." Everybody agrees that this should be so, and some try, with but little faith in their fellow human beings, to make this true. But Community Service today can be made just as fine and simple a thing as it was in the days when Johnny was marching to war. It was friendly and not patronizing, it afforded opportunities for the soldiers and sailors to enjoy themselves without being surrounded by all those straight backed influences which tend to annoy and end by demoralizing the man whom it ought to help.

The Community Service which a splendid and representative body of our citizens, drawn from every creed and race, is setting out to plant firmly in the consciousness of the country carries an extensive program. The Americanization of the foreign-born will be one great concern, social and recreational problems in many fields which may be undertaken without duplicating others' work will be met, and, in effect, an attempt will be made to do for the country as a whole what the service did for the men in uniform, making them more satisfied with life. And if ever there was a time when something should be done, aside from settling the great commercial questions of the day, to make man, woman and child more satisfied with his or her lot that day is today.

PASSENGER SERVICE ON TEN MILE BRANCH

A new schedule over the Monongahela Division of the Pennsylvania railroad will go into effect on Sunday, November 30, at which time the first passenger service over the Ten Mile Extension from Millsboro to Mathers station will be installed, but actual train service will not start until Monday, December 1. The extension is 8.3 miles in length and is the first step in the building of a broad gauge road to Waynesburg.

The following schedule has been arranged so as to make connection with the main line trains from Crucible to Pittsburg: The first train will leave Mathers at 8:20 a. m. and arrive at Millsboro at 8:51 a. m.; leave there at 10:47 and arrive at Mathers at 11:18. The afternoon train will leave Mathers at 2:18 and arrive at Millsboro at 2:51. It will leave on the return trip at 6:40 and arrive at Mathers at 7:13 p. m.

ROLLING THE BONES TABOO ON NEW ROAD

Members of the State Police troop stationed at Donora on Friday last while riding a patrol to Monongahela, came upon a game of "craps" which was being indulged in on the new state road between Donora and Monongahela, near Black Diamond. Nine men were squatting on the concrete in the raw wind "rolling the bones" at a merry clip when the cops came along. The approach of the troopers was not noticed until it was too late to make a get-away and seven of the nine were arrested, two making their escape before they could be pinched. The men were taken to Donora before a justice of the peace, who fined each of them $3.00 and costs as provided by law.

While the police were bringing the seven men to Donora they came upon another game in full swing on the road near Donora, but as the officers already had their hands full they could not bring in those concerned in the second game. A Donora paper remarked that it was interesting to note that some use was being made of the Donora-Monongahela road.

RAILROAD BRIDGE AT MONONGAHELA COMPLETED

The new railroad bridge which has been in course of construction over the mouth of Pigeon creek on the Monongahela Division of the P. R. R. at Monongahela, has been completed. Railroad workmen began this morning to lay ties preparatory to relaying the tracks, and when this phase of the work is completed the bridge will be placed in commission. This will be within a couple of days.

ASK YOUR NEIGHBOR

It has been said that there is now hardly a city, town or village in this country wherein some woman does not reside who has found health in that good, old-fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment and hardly know what to do for it and have tried other remedies without help, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.

Watch Your Blood

When The Iron Runs Low You Are In Danger

The Same As When The Mercury Goes Down You Know There Will be a Frost

How To Make The Test That Tells

Actual blood tests show that a tremendous large number of people who are weak, run down, tired in the morning and have no energy, have these reasons than lack of iron. Iron deficiency paralyzes healthy, forceful action, pulls down the whole system, and weakens the entire system. A pale face, a form of irritable disposition, a lack of strength or endurance and the inability to cope with the strong rigorous folks in the race of life—these are the sort of warning signals that Nature gives when the blood is starving for want of iron. If you are not sure of your condition, go to your doctor and have him take your blood count and see where you stand or else make the following test yourself: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. By enriching the blood and creating new red blood cells Nuxated Iron strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and power into the whole system.

Unlike the older inorganic iron products Nuxated Iron is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

Doctor Tells How to Detect Harmful Effects of Tobacco

Try These SIMPLE TESTS

New York: Doctor Connor, formerly of Johns Hopkins hospital, says: Many men who smoke, chew or snuff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the use of tobacco, and thousands would soon get well if they would only stop the use of tobacco. The chief habit-forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system, slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer or the common affliction known as tobacco heart. If you use tobacco in any form you can easily detect the harmful effects by making the following simple tests. Read aloud one full page from a book. If, in the course of reading your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or snuff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco; the craving will have left you. With the nicotine poison out of your system your general health will quickly improve.

Note—When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit, away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit. Nicotol is sold by druggists everywhere under an iron-clad money-back guarantee. Your druggist has it or can get it for you from his jobber.

GOOD-BYE, WEAK NERVES!

"Nothing wrong but my nerves". We hear it everywhere. Nervousness is a disease. A man or woman might better have a broken arm or leg than a shattered, run-down, nervous system.

Overwork and worry drains the nerve cells of all their strength and vitality; then come the sleepless nights. poor blood, nervousness, worry, and fear, that go with a run-down nervous system

In cases of this kind, Phosphated Iron rarely fails to strengthen and build up the phosphate-hungry nerve centers. It takes hold right from the start.

The way the majority of people "come back" is remarkable. You can almost see their nerves grow strong, steady and peaceful. Their eyes sparkle, their cheeks are filled out, and flushed with the healthy, ruddy glow that only pure, red, ironized blood can give, and their whole system is alive with youth, energy and good spirits

Phosphated Iron will do all this for old or young if they will give it a chance. Get a box today and watch it build you up.

INTER-CLASS GAMES WILL BE PRELIMINARY TO REGULAR SEASON

Students are Preparing for The Basket Ball League Games

MUCH INTEREST BEING SHOWN

Preparatory to the opening of the basket ball season, which will begin early in January, an inter-class schedule has been arranged at the local High School, which will continue all through the month of December and until the opening of the league contests.

The first game on this preliminary schedule will take place this evening between the Seniors and Juniors, and during intervening periods three games will be played each week, the contests taking place immediately after school. So far thirty-six candidates have asked gymnasium privileges, and it is expected this number will be largely increased within the next few days.

There is plenty of material for a high grade basket ball team in the local High and this preliminary season will assist materially in developing players for the league team, which will be chosen in good time that it may weld together before the beginning of the season. The schedules for the league season have been arrangd and are being sent out today.

GIVE BANQUET TO SERVICE MEMBERS

The Alpha-Phi-Beta gave a banquet at the Hotel Wilbur last evening, at which time former service men who are members of the organization were guests of honor. Special entertainers had been securd from Pittsburg, while after-dinner talks by a number of members likewise contributed to the success of the occasion. Guy Moffitt was toastmaster and introduced the various speakers. A feature of the occasion was the presentation to the service men of silver pieces suitably engraved. About 50 members were present and the occasion was most enjoyable.

ENTERTAIN FOR ROBT. MOUNTSER

Mr. and Mrs. R. C. Mountser entertained the members of the Athere Club, their husbands and brothers, as well as a few invited guests, at their home, Lincoln avenue, Tuesday evening in nhonor of their brother Robert Mountser, who recently returned to Charleroi after a long service in France as a war correspondent, and in other European countries with the Red Cross. A fine musical program had been arranged for the evening in which Miss Ethel Barth gave vocal numbers, as did also Miss Lanz of Pittsburg, while Miss Bethel Bowman contributed instrumental selections. Mrs. Warren Kinder was accompanist and with Miss Bowman gave a piano duet. The guest of honor gave a very interesting talk on his experiences in Europe both on the battlefield and among the people, and described the condition of the country and the habits of the people. His description of conditions in Turkey and Armenia, which countries he visited as a representative of the Red Cross, was particularly interesting in view of the apparent desire of the European countries that the United States take over these countries as mandatories. At the conclusion of Mr. Mountser's very interesting talk, the host and hostess served refreshments.

The meeting was apened with a Thanksgiving service in keeping with the season, conducted by the president, Miss Bess Richey. Miss Nora Swan, who led the discussion of the evening prefaced her study by making an appeal in behalf of the red cross seals, which she said would soon be put on sale. The study of the medical conditions in India was very interesting and elicited much comment. Mrs. Clifford Ramsey, who is spending a few days with her home folks here, was a guest of the evening. This meeting was the time set for bringing in the mite boxes and they totaled $35.26, with several girls absent. The offering was the best in the Guild's history. HAD STOLEN AUTO IN HIS POSSESSION

Frank Sgro, who is being held for trial in the United States District Court in Pittsburg in connection with the attempt to dynamite the large concrete bridge on the Ten Mile branch of the Pennsylvania railroad, near Millsboro, last week, will probably be tried for an automobile theft if the government should fail to make good its charges against him.

In an effort to determine the ownership of an automobile which Sgro had in his possession, Justice Harshman of Millsboro telegraphed to Cleveland and found that the car had been stoleen from E. S. Naly, of that city. Naly came to Millsboro and the auto was turned over to him.

Sgro is a comparative stranger in the Millsboro district, having been located there about three weeks. For a short time he was employed at the Mathers coal mine, near Jefferson, Greene county.

ANOTHER ATTEMPT MADE TO BOMB STREET CAR ON EAST SIDE

No One Hurt and But Little Damage Done To Tracks

FIRED BY ELECTRIC BATTERY

Another attempt was made this morning to wreck a street car on the W. M. B. V. & F. C. street railway at Speers run, just below Belle Vernon. No one was injured and but little damage was done to the tracks of the railway, while the car escaped with a few broken panes of glass. The garage of John Logue, located near the scene of the explosion was the worst sufferer, all of the windows in the front of the building being broken by the force of the explosion.

The attempt to bomb the car was made at 6:30 this morning, when the run in charge of motorman Sam Battaglini and Conductor Howard Lauderback was on its way from Belle Vernon to Monessen. The car was well filled with workmen bound for the Monessen mills, and just as it had passed over the south end of the small bridge across Speers run the bomb let go. Some cribbing was knocked from under the end of the stringing at that point, which made it necessary to transfer passengers while repairs were being made. The line was partially tied up for about three hours and but little inconvenience was experienced by patrons.

When street railway officials arrived on the scene and made an investigation they found that the bomb had been set off by a battery. The party who fired the shot did not take time to recover the wire used, as about two hundred feet of it was found leading from the street railway tracks, one of the wires being over a bill board so that it would not ground. It is the opinion of officials that the one who fired the shot was accustomed to this kind of work. No clue was discovered that would lead to the identity of the perpetrator.

LOSERS ENTERTAIN THE WINNING SIDE

A contest put on by the Senior Christian Endeavor Socieety of the Washington Avenue Presbyterian church last October was brought to a close recently, after six weeks of strenuous work on the part of the society. Two sides were captained by Miss Nell Ryland, who chose white as her insignia, and by Miss Belle Gebo, who chose red as her color. The contest developed much enthusiasm from the start. A series of per cents for attendants, taking part in the meeting, being on time, etc., were agreed upon and faithfully followed. The meetings were the largest in recent years and last Sunday evening, when the credits were totaled, it was found that the "white' side had won. According to agreement the "reds" at once prepared to entertain the winners and last Monday evening in the Sunday school room of the church the losers fulfilled their agreement; twenty-four new members were addd to the roll of the society and the contest was declared by all concerned one of the bright spots in the history of the organization.

CORECTION IN LIST OF HOSPITAL DONATIONS

In the report of the contributions made by the public schools last week to the Charleroi-Monessen hospital, a slight error was made, in that four items with which Ninth street school credited with should have been given to the Fifth street school. The items were mixed vegetables one bushel, eggs 1-2 dozen, oranges 5, and potatoes 5 bushels.

According to an annual custom, the Washington Avenue Presbyterian church is today sending baskets for Thanksgiving. The committee reports generous gifts from the people, and as in past years, the work is bringing good cheer into many homes where otherwise there would be a cheerless day.

A Sunrise Prayer Meeting will be held in the Methodist Episcopal church Thanksgiving morning at 6:30, under the leadership of the Epworth League. Everybody welcome. Light refreshments.

Willim Houston.

William Houston died at his home 212 Washington avenue Tuesday morning at 11 o'clock, aged 66 years. He was a well known resident of Charleroi for the past 18 years. He is survived by his widow and ten children, Edward, William, Charles, James and Frank Houston of Charleroi, Mrs. Robert Fisher, Mrs. Victor Alexande, Mrs. David Edmunds and Mrs. David McConnell of Charleroi and Mrs. William Dinsmore of Belle Vernon.
